GREETINGS

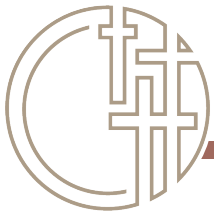

We had two exciting events last weekend. First was our 42nd Beaverdale Holiday Boutique. From what I saw, it seemed like another success. A big thanks to our PTO and our parents and all of our volunteers. It takes a great team effort and that is just what happened. Thank you!

Also last weekend, we had the blessing and dedication of our new plaza at the church. This new welcoming space is testament to the spirit of teamwork that has been a hallmark of Holy Trinity parish for the past 100 years. Thanks to all who helped make this a reality for our parish and the Beaverdale community.

A reminder: as the snow and cold have begun, whenever there is a weather cancellation or delay for Holy Trinity school, morning Mass (or communion service) will be canceled. As we seem to have jumped into winter this past week, let's remember to always be safe.

Have a good week, *FR. Mark*

STEM Education

Did you know Holy Trinity Middle School students use the highest rated middle school math curriculum available according to EdReports.org? Students in grades 6 through 8 engage in a problem-based math curriculum called Illustrative Mathematics. Aligned to the Common Core Curriculum, Illustrative Mathematics (IM) guides students in a problem-based approach and invites students to learn through a variety of different math activities and instructional routines. It emphasizes a shift from "learning to solve problems" to "solving problems *to learn*." Students are expected to share their ideas, listen to their peers, be curious about how others solve problems, work to make sense of what other people are saying, and be willing to try new ways of doing something. They have been hard at work these first few months of school and we hear daily examples of students demonstrating a growth mindset as a result of this approach. Here are specific quotes from 6th, 7th, and 8th grade students when engaged in Illustrative Mathematics:

"Oh, I didn't notice that before!"
"I got that answer, too! I just did it a different way."
"Wait, hey guys! Look at the pattern!"
"I looked at it a different way. I see it split into 4s."

Illustrative Mathematics at the Middle School level is just one of the many ways we are encouraging students to make their thinking visible and foster STEM@HT.

God bless--Dr. Anne Franklin, HT Principal

LOOKING FOR ROOM AT THE INN

Las Posadas is a Mexican/Latin American custom celebrated during Advent to commemorate the fact that Joseph and Mary could not find shelter in Bethlehem. In addition, this custom serves as a reminder that many of our brothers and sisters are also homeless in this country and around the world.

Our Lady's Immaculate Heart Church (510 East First St, Ankeny) will hold a Posada on **Sunday, December 15, 2019, from 4:00-6:00 pm in the parish social hall.** Please mark your calendars so that you and your family can participate in this wonderful custom. After a short reenactment of Joseph's and Mary's search for shelter, there will be a reception with food and games for the children. Information at www.olih.org/church-events/las-posadas-celebration.

La tradición de Las Posadas se celebra durante el Adviento para conmemorar este viaje de José y María en busca de un lugar en donde el Niño Dios naciera. Esta tradición nos recuerda que alrededor del mundo, existe demasiada gente sin hogar y nos invita a la reflexión, tanto para ayudar a nuestro prójimo como para agradecer a Dios todas las bendiciones con las que nos cubre.

*Nuestra Iglesia, Our Lady's Immaculate Heart Church, en Ankeny IA, celebrará una "Posada" el **domingo 15 de diciembre del 2019, de 4-6 PM en el salón de usos múltiples.** ¡Nos encantaría recibirle a usted y su familia en nuestra primera celebración de esta tradición! Después de las procesiones tendremos comida y entretenimiento para los niños. ¡NO FALTE!*

ADVENT & CHRISTMAS are just around the corner.

We will be setting up for these seasons on these dates:

- ADVENT - November 29 at 6:30 in the church
 - CHRISTMAS – December 22 following the 10:30 mass
- These are great opportunities to give back to the entire parish. We encourage everyone to find some time to give to preparing the church for these seasons. You do not need to stay for the entire set-up, give whatever time you have. You will meet other parishioners and get a chance to be a part of preparing our church for these celebrations. Service hours are available for those that need them.

NEXT BAPTISM ON MONDAY-NOVEMBER 25TH

CCHD COLLECTION OPPORTUNITY

For nearly 50 years, the Catholic Campaign for Human Development (CCHD) has been the official domestic anti-poverty program of the Catholic bishops in the United States. Raising public awareness about poverty, its causes, and working to break the cycle in the U.S., the annual collection is coordinated nationally by the U.S. Conference of Catholic Bishops (USCCB). More than 38 million people live in poverty in the United States. This collection assists community leaders who work to expand access to affordable housing, health care, and education. The collection also supports the development of worker-owned businesses, and advocates for changes to structures that keep people in poverty. This national collection is the primary source of funding for CCHD's community and economic development grants, as well as its education programs aimed at raising awareness of poverty and fostering hope in communities across the nation. Place your donation in an envelope marked CCHD (or we will also have envelopes by the doors at Church for your convenience) and place in the collection basket or turn into the Parish Office. We will forward your donation to the Diocese.

SAINT OF THE WEEK

Albert the Great, Bishop and Doctor, 1206-1280

One of the great intellects of the medieval Church, Albert was one of the first and among the greatest of the natural scientists. His knowledge of biology, chemistry, physics, astronomy, and geography (one of his treatises proved that the earth was round) was so encyclopedic that he was often accused of magic. He wrote on these subjects as well as on logic, metaphysics, mathematics, the Bible and theology. **Albert's message today:** Expanding our knowledge in any field contributes to the betterment of the whole human race.

Think of one or two ways that your knowledge can help better the lives of those in your community.

QUESTIONS TO CONSIDER

Question for Children: Jesus teaches us that work is good for us. What kind of work do you do during the week? How does it help you?

Question for Youth: Jesus tells us that even though bad things will happen, we are safe in God. When have you felt the safety of God's life in your own life?

Question for Adults: Paul's words to the Thessalonians are tough: if you want to eat, you must work! How does this translate into our society today? How do you reconcile this with Jesus' command to love and feed the poor?
